Sophisticatedly global is the person who lives a life rich in experiences. A bon vivant who collects memories—like a sunset in Mykonos or the pleasure of a breeze in Tulum. For this nomadic tribe that delights in being alive, we have designed AQUA, the new tower in Costanera. For this vertical paradise, we have curated iconic spaces inspired by the world and placed them just steps away from your beautiful apartment, offering a unique experience in the cosmopolitan city of Panama. This is what we call the Jet Set Life, and now you can be a part of it. It features 2- and 3-bedroom apartments, ranging from 85.50 m² to its most spacious 186.10 m². This stunning project is set for completion in approximately 2028! If you're looking for an investment opportunity, this is the project for you, as it is located in one of the most central and sought-after areas by tourists.
